

# **Advanced Clinical ENT Fellowship**

## **Dr Ram ENT Hospital, Rupnagar, Punjab**

This advanced clinical fellowship is designed for motivated ENT surgeons seeking intensive, hands-on surgical exposure under close mentorship. The program emphasizes real-world operative experience, sound clinical judgment, and long-term professional grooming in a high-volume private practice setting.

### **Program Director**

Dr Ram Kumar, MS (ENT), PGIMER Chandigarh  
Chief Surgeon & Managing Director, Dr Ram ENT Hospital

### **Why Train Here?**

- One-to-one mentorship by a senior ENT surgeon with national and international exposure
- High surgical volumes across otology, rhinology, pediatric ENT, and head & neck surgery
- Active involvement in patient evaluation, surgical planning, and postoperative care
- Structured guidance in temporal bone dissection and middle ear surgery principles

### **Surgical Exposure**

Ear: Tympanoplasty, mastoidectomy (CWU/CWD), ossiculoplasty, stapedotomy, cochlear implantation  
Nose & Sinus: Septoplasty, turbinate surgery, endoscopic sinus surgery, rhinoplasty assistance  
Pediatric ENT: Adenoideectomy, tonsillectomy, airway procedures  
Head & Neck: Thyroidectomy, parotidectomy, neck procedures

### **Duration Options**

- 6 months – Focused skill enhancement
- 12 months – Comprehensive surgical training

### **Eligibility**

The fellowship is open to MS/DNB ENT graduates. Fresh postgraduates with a strong desire for surgical training are welcome to apply, though applicants with prior senior residency or post-PG clinical experience will be given preference.
